Remove Pop-Up When Checking Out or Exiting Shopping in Internet Explorer

Some users may receive the following pop-up message when exiting Shop@UW to complete their order using Internet Explorer.

If you receive this message while trying to place an order, please follow these steps:

1. Within Internet Explorer, select the Tools button from the top navigation.

2. From the dropdown menu, select Internet Options.
3. Make sure the Security tab is selected. Choose “Trusted sites” and click the Custom level button.

4. Scroll down to find the setting called “Websites in less privileged web content zone can navigate into this zone” and change it from PROMPT to ENABLE.
